October 3, 2005

Mr. Mark Rawlings
HHCC, Incorporated
P.O. Box 17785
Austin, Texas 78760

Dear Mark:

What a pleasure it has been to work with the guys at HHCC during this past year!

While it was exciting to take on several new properties in 2005, we at Westdale Asset Management were a bit overwhelmed with the level of plumbing repairs that these properties required. It was important to us that we secure a plumbing company that offered a well-trained and experienced staff that could efficiently remedy our plumbing issues.

The service that we received from Doug, Keith and the staff at HHCC has consistently provided excellent service. They communicated daily with our staff on the status of our jobs and the work was completed on schedule with minimal downtime for our residents.

Our relationship with HHCC has been a successful one and we will certainly use your services in the future. We highly recommend the services of HHCC to any company or individual needing plumbing repairs and service.

Sincerely,

Karen Temborius, Manager
Pointe at Wood Hollow
Westdale Asset Management
